

# "ONE"

BY: MICHELLE P. HEATHERTON

I envy the Daylight for it accompanies you.  
Illuminating your path,  
Shining down from above,  
It watches with relentless adoration.  
Daylight exposes you,  
Permitting no escape.  
And the two of you melt -  
Becoming one -  
Inseparable.

I envy the Night for it embraces you.  
Caressing your body,  
Creating an invisible mold,  
It forms a shroud of timelessness.  
Night dreams with you,  
Offering no protection.  
And the two of you disappear -  
Becoming one -  
United.
